Coming Soon

1st year our big project was the new PVC fence around the 150'x250' outdoor riding arena. 2nd year we added the TR3 arena rake. We also are continuing the renovation of the stall floors to allow for better drainage and level matting.

TR3™ Rake

Our new TR3 arena rake has several uses and has amazing results!

and more energy efficient fixtures.

We continue to work on the old dairy barn, last year we replaced the main aisle flooring, this year time permitting we will try to get it weather tight.

This year we have a lot planned and are anxious to get started! We are adding new paddocks for better turnout, new footing for indoor and outdoor arenas, and Newstead is going green. Yes we are having our lights replaced with brighter

Lessons

Newstead Equestrian Center is excited to be offering English riding lessons for students of all ages and abilities. Our focus is mainly on hunter/jumper but, we are more than willing to guide students in any English discipline.

Butterfly loves kids!

Usually children are ready to begin lessons around the age of six. But it always depends on each individual child's physical and mental capabilities. Riding horses takes concentration and strength.

Beginner lessons always include ground instruction as part of the lesson until the student is able to do everything on his/her own.

1/2hr Private Lesson - \$30
